

# Centers of Excellence Network for Musculoskeletal Support

Centers of Excellence are network facilities and providers already contracted with UnitedHealthcare. We classify these facilities and providers at “Centers of Excellence” based on their likelihood to use evidence-based care, reduce unnecessary medical expenses and manage symptoms and other issues to help improve the overall quality of care.

The Centers of Excellence (COE) program providers and medical centers are independent contractors who render care and treatment to health plan members. The COE program does not provide direct health care services or practice medicine, and the COE providers and medical centers are solely responsible for medical judgments and related treatments. The COE program is not liable for any act or omission, including negligence, committed by any independent contracted health care professional or medical center.
